

# Put Germs in the Kill Zone

The **AEROBIOTIX GermZone<sup>®</sup>** is the **ONLY** patented technology scientifically tested on **SARS-CoV-2** aerosols and clinically proven to eliminate **100%** of airborne **SARS-CoV-2 (COVID-19)** on a **SINGLE** pass.

Battelle Biomedical Research Centre (COVID testing completed October 13, 2020)

## Advanced Room UV Air Sanitization and Disinfection

Aerobiotix is introducing a new advanced room air sanitization and disinfection system. Utilizing our patented biocidal technology and a transparent photolytic UV-C reaction chamber, viruses and bacteria are rendered inactive including influenza and SARS-CoV-2 (COVID-19) virus.

The ultraviolet chamber is completely shielded to block all UV-C light emissions, making it safe to operate in any occupied space. Installation is simple with the provided wall mounting bracket and 115V power cord which plugs into any standard wall outlet.

Create a safer indoor environment free from harmful airborne contaminants approximately 400-600sq. ft.

## Effective Air Disinfection for:

- Government
- Hospitals / Medical
- Medical & Dental
- Health Services
- Travel & Hospitality
- Private Member Clubs
- Sports & Fitness
- Long Term Care
- General Office
- Retail & Commercial
- Education & Childcare
- High Density Residential
- Residential & Industrial
- Casinos
- Funeral Homes

The AEROBIOTIX GermZone<sup>®</sup> is the **ONLY** patented technology scientifically tested on SARS-CoV-2 aerosols and scientifically proven to eliminate 100% of airborne SARS-CoV-2 (COVID-19) on a **SINGLE** pass.
